Montmammoth Cherry

Bears Very Young

24 QUARTS SECOND YEAR

Montmammoth has borne 24 quarts of Cherries the second year after planting. Without a doubt it comes into bearing at the earliest age of any Cherry in existence today.

YOUNG MONTMAMMOTH TREES HAVE WITHSTOOD 20 DEGREES

Young Montmammoth trees produced a fair crop of fruit after three successive days of freezing weather, with temperature going down to 20 degrees, while trees were in full bloom. Other Cherries had a complete crop failure. It is unquestionably the most freeze-resistant Cherry.

28 YEARS SUCCESSIVE BEARING

The mother tree has come through with a fine crop of Cherries for 28 successive years. Never a crop failure with Montmammoth.

ENORMOUS SIZE FRUIT

Montmammoth is a seedling of Montmorency. The fruit is of enormous size, averaging over 3 inches around, and the flavor is just as outstanding. Stores that have had them once call for them again and again. Only a limited number of trees available. Order now.

A Crop Every Year

PRICES

7/16 in. trees, each \$1.50; 3 for \$4.00; 5 for \$6.25; 12 for \$12.00; 25 for \$23.75. Net, no discount. Supply limited, ORDER NOW.

Westhauser's

NURSERIES

SAWYER, MICHIGAN

HOME OF HARDY NORTHERN GROWN QUALITY PLANTS

BETTER QUALITY A

Better Quality at No Extra Cost

For almost a quarter of a century we have been producing extra heavy bearing strains of nursery stock incomparable with ordinary nursery stock. We attain this goal by long experience and careful selection of our breeding stock. The advantage of WESTHAUSER'S customers is a larger yield and bigger dividends.

Acute Shortage of Nursery Stock

Nursery stock throughout the Nation this year is a small percentage of what has been grown in the previous years, mainly due to the shortage of labor. In some of the large stock producing states there have been adverse weather conditions hampering their production in some cases to an absolute crop failure. With the demand being so active we urge you to place your order as soon as possible and have your stock reserved, also insuring you of delivery at the specified date.

Hardy Northern Climate

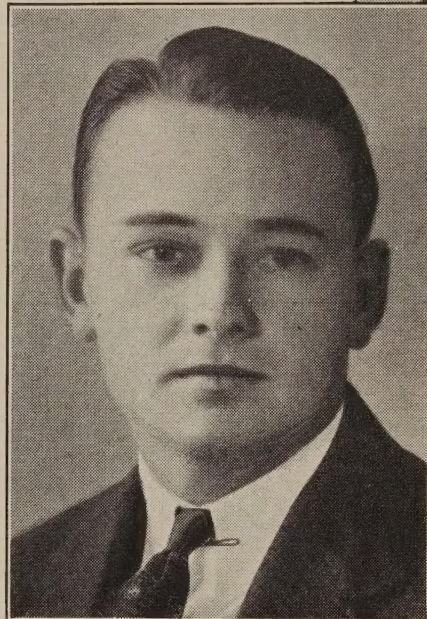

Our Northern climate in the Greater Michigan Fruit Belt is ideal for growing thrifty, hardy nursery stock. Our stock growing locations are near the lake which puts a damper on the winters, making the climate so that our nursery stock is practically dormant until late spring. Plants that are dormant so late in season have little foliage and carry well in transit. This is one of the reasons why our plants can be shipped long distances with the best results.

No Effort Too Great for Additional Fertility

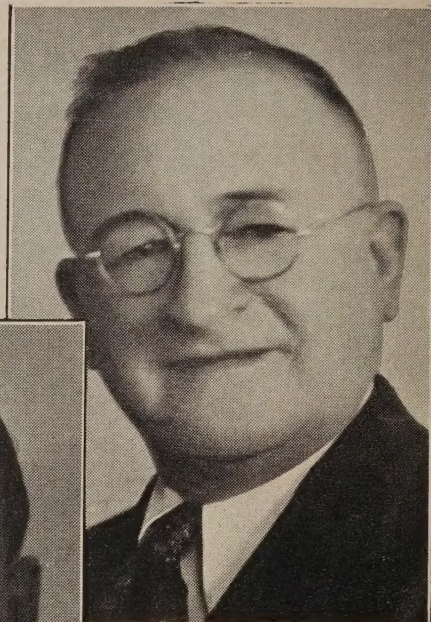

We make a practice of feeding live stock. The photo below speaks for itself. We do not sell pigs in our catalog, neither are we in the hog business for profit, but no effort is too great to keep our producing soils in the highest state of fertility, which means **Thrifty, Heavier Rooted Nursery Stock.**

We Spare No Expense or Effort to Maintain the High Fertility of Our Nursery Fields

HOW TO ORDER

WHEN TO ORDER. Order now on receipt of this catalog or as soon as possible thereafter and we will reserve your stock for you. Orders are booked in the order they are received and we ship as near the date requested as possible, according to weather conditions. Shipping date March 15th to the latter part of May.

HOW TO ORDER. An Order Blank is provided herewith for your con-

venience. Fill out clearly and be sure to print or write your name and address plainly, thus avoiding errors and delay. Remit by cash, money order, or check. If cash is remitted, be sure to register letter.

PAYMENTS AND TERMS. Cash with order; however, if your order amounts to \$5.00 or more, we will book your order with 25% down and balance 10 days before you wish your stock shipped.

WESTHAUSER'S BROAD GUARANTEE IS YOUR PROTECTION

WE GUARANTEE that our nursery stock is first class in every respect, free from disease, freshly dug, true to name, and to leave our packing house in good growing condition. We will, at our option, either replace free of charge or refund your money on any shipment which arrives in bad condition, providing claim is made within five days after arrival of shipment, with a signed statement from your Express Agent or Postmaster, showing the extent of damage. Our stock is carefully handled and full of vitality, and under ordinary conditions should grow for you. Report any error on our part immediately upon receipt of shipment.

NO EXTRA COST

WHEN TO ORDER

Order now on the receipt of this catalog or as soon as possible thereafter and we will reserve your stock for you. Shipping date from March 15 to the last part of May.

PAYMENT AND TERMS

Cash with order; however, if your order amounts to \$5.00 or more, we will book your order with 25% down and balance 10 days before you wish your stock shipped.

INSPECTION CERTIFICATE

MICHIGAN STATE DEPARTMENT OF AGRICULTURE

Orchard and Nursery Inspection. Certificate of Nursery Inspection No. 133

This is to certify that the Nursery Stock of Westhauser's Nurseries, Sawyer, Mich., has been examined and found to be apparently free from dangerous insects and dangerously contagious tree and plant diseases.

Fee paid.

CHAS FIGY, Commissioner.

This certificate to be void after September 15, 1944, Bureau of Agricultural Industry, C. A. Boyer, in charge of Orchard and Nursery Inspection. Lansing, Mich., September 3, 1943. First Inspection, August 20, 1942.

DISCOUNTS on EARLY CASH ORDERS

Due to extreme shortage of nursery stock this year, our discounts apply only on items of which we have an ample supply—Not Those Items Marked Net, No Discount.

20% DISCOUNT up to Feb. 5th

15% DISCOUNT up to Mar. 5th

10% DISCOUNT up to Apr. 5th

Rose Tree of China

Westhauser's ROSE TREE OF CHINA 2 for \$1.50

The earliest flowering hardy tree-shrub of deep pink. Double blossoms appear in great profusion before the leaves, completely covering the branches with what appear like small pink Roses. One or two should be in every planting.

Prices: 3 to 4 ft. trees, 85c each; 2 for \$1.50.

PLANT FOR VICTORY!

With the most consistent shortage of important foods, fresh foods filled with vitamins protect you with the vital necessities needed at a time such as we have. Not only are plantings patriotic but a small plot can give you more back in dollars and cents than most any of the established crops. Fresh foods are giving you and your family the best of health. An ideal investment for your best protection.

VITAMIN B₁ You've Heard of It— NOW TRY IT

Vitamin B₁ reduces the shock in transplanting. **HOW TO USE IT:** Dissolve 1 tablet in a gallon of water, sprinkle plants immediately after transplanting. In case plants, shrubs or trees are already planted, soak soil around the roots with solution. Dormant or bare-rooted plants should be soaked in solution not less than one-half hour or more than one hour before planting. Endorsed by leading agricultural and horticultural papers. 12 for 25c; 50 for 65c; 100 for \$1.00, postpaid. No discount.

3-On-1 European Birch

NEW! 3-ON-1 EUROPEAN BIRCH

One of the most beautiful novelties in shade trees. On matured trees the bark is white and leaves are of a fine green. This rare picturesque clump combination will win the admiration of your friends and neighbors. Heavy rooted, 3 to 5 ft. trees, \$2.00 each; 3 for \$4.50.

Sedum Sieboldi

The aristocrat of Sedums. Foliage round and a beautiful gray-blue, borne thickly on stems 6 to 8 inches long. Flowers a rare pink. Blooms all fall. 25c each; 3 for 60c; 8 for \$1.35, prepaid.

Gaillardia

One of the most lavish bloomers in the perennial flower family. New dwarf plants with giant flowers of red and orange blend. Grow 10 to 12 inches high. 3 for 60c; 5 for \$1.00.

Old-Fashioned Garden

For border planting or rock garden. "All 2-yr. plants." 6 Sedum Sieboldi, 4 Fall Asters, 2 Gaillardia, \$1.25, prepaid. No discount.

Fall Asters

Steel-blue daisy-like flowers, with yellow centers. Grows 2 to 3 feet tall. Blooms in fall. 25c each; 3 for 60c; 8 for \$1.25, postpaid.

**GIANT
HYBRID**

Blueberries

- Profitable
- Beautiful
- Very Ornamental
- Last a Lifetime

HUGE SUCCESS! PROSPERITY CREATOR FOR COMMERCIAL GROWER

Local fruit growers here in Berrien County have been planting in acre lots and are reaping a rich harvest and each year increasing their plantations.

The Cultivated Blueberry produces juicy, delicious berries two to three times larger than the common Huckleberries, resembling in size a bunch of Delaware Grapes. This past season 24-pint crates have been selling at from \$8.00 to \$10.00.

CROSS-POLLENIZATION. At least two plants should be planted for cross-pollenization. This insures more and bigger berries.

Beautify Your Home and Eat Blueberry Pie

These beautiful ornamental bushes grow 8 to 10 feet high. Its pinkish white bell-shaped blossoms resemble a big bunch of Lily-of-the-Valley. Cluster in bunches about 6 inches long. The foliage is a rich dark green which turns to a coppery red in the fall. Blueberries will ornament and beautify any home garden.

FOR QUICK RESULTS PLANT GIANT 5-YEAR TRANSPLANTS

Bears a Good Crop the First Year

Averaging 2 to 3 ft. Investment repaid in a short time! Big money later. Considering a bush has reached full maturity at nine years, a five-year bush is well on its way and often pays more than its cost the first year. 5-yr., 2 to 3 ft., each \$4.00; 2 for \$7.50; 5 for \$18.00; 10 for \$34.00. Net, no discount.

Fancy 1-Year Plants—Vitamin B₁ Treated GUARANTEED TO START

Before shipping, the root system of each one-year-old plant is treated with a Vitamin B₁ solution, then bedded in Peat Moss and wrapped in wax paper. This is certain to give the plants a very much easier start. These plants are especially recommended for the commercial grower. **WRITE FOR PRICES ON QUANTITY LOTS.**

2-Year Transplants

GAIN A YEAR by setting these nicely branched, 2-year transplants with correspondingly heavier root system. Packed in Westhauser's Blueberry Grower (see next page), that can be used in transplanting.

3-Year Transplants — 10-12 inch Plants

Heavy branched canes whose root systems are comparatively heavier, with some fruit buds. Packed in Westhauser's Blueberry Grower (see next page), which can be used in transplanting. 10 to 12 in. plants. See special offer on next page.

THREE PROVEN VARIETIES

✓ **RUBEL.** The outstanding early midseason berry. The bush is upright, very vigorous, hardy and productive. Large fruit borne in a cluster. Good shipper.

✓ **RANCOCAS.** Vigorous, upright grower. Very productive. Fruit sweet and of fine flavor. Ornamental. Fruit borne in clusters. Midseason to late.

✓ **JERSEY.** Ripens a few days later than Rubel. Bushes grow upright, fruit is large and firm, good quality. The choice of the commercial growers.

Westhauser's XXX Blueberry Grower

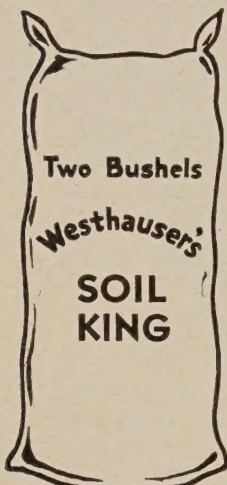

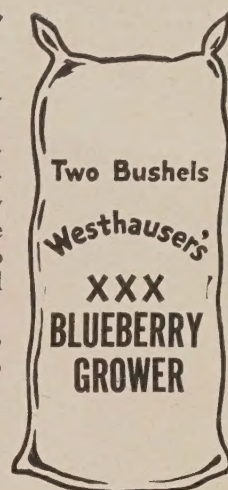

HOW TO GROW BLUEBERRIES SUCCESSFULLY

Make openings three or more times larger than the roots, large enough to receive all the roots without crowding. Mix the dirt removed from holes half and half with Westhauser's XXX Blueberry Grower, or some acid material such as decayed leaves, rotten straw or vegetable refuse, firm this well around the roots of the plants. We recommend that a handful of sulphur be put around each plant in the spring. Give the one-year plants one-half ounce of Sulphate of Ammonia, for the older plants increase one-half ounce for each additional year. Do not let the Sulphate of Ammonia get in contact with the foliage. This can be purchased

at your local feed or hardware store, and is very inexpensive.

The shipping weight of Westhauser's XXX Blueberry Grower for one sack or two-bushel bag is approximately 50 to 75 pounds. Have it shipped early by freight and save on transportation. Because of the uncertainty of freight shipments, we will not ship freight after March 15th. Later than this date we will ship by express.

PRICES: 1 bag (2 bus.), \$1.10; 2 bags (4 bus.), \$2.10; 5 bags (10 bus.), \$5.00; 10 bags (20 bus.), \$8.00. These prices are net, no discount.

Westhauser's SOIL KING

Nature's Own Plant and Soil Builder or Rejuvenator

Your plantings are doubly assured with Westhauser's Soil King, which has been tested and recommended by County Agents, also State Departments of Agriculture who find it has a low acidity test. It contains all of its original vitamins; it is high in nitrogen, and plant food. We were fortunate in securing a large acreage of this amazing organic substance containing all of its virgin elements, and are happy that we are able to give our customers the advantage of this wonderful natural plant food and soil builder for more profitable plantings. The

area or bed of which we speak is a drained lake bed of clean, odorless, highly vitalized, decomposed pure vegetation that has never been touched by man, in all probability this deposit has been collecting for millions of years. It is ideal for lawns, flowers, etc. Absorbs 15 to 20 times its own weight in moisture. Weight of one 2-bushel bag is approximately 50 to 75 pounds.

PRICES: 1 bag (2 bus.) \$1.10; 2 bags (4 bus.), \$2.10; 5 bags (10 bus.), \$5.00; 10 bags (20 bus.), \$8.00. These prices are net, no discount.

NEW BABY'S BREATH

(Gypsophila Repens Bodgeri)

This new plant is ideal for borders and rock gardens. It comes into flower early in the spring and continues throughout the entire summer. The flowers are double; first, pure white, later flesh-pink. Flowers can be picked if so desired and will make wonderful little bouquets alone or they make up beautifully in combination with other flowers. It is an everblooming perennial and will give continuous color. **HARDY**—will thrive in most any type of soil in semi-shade or full sun. Grows about 12 inches high and as it gets older will spread to about 2 feet. Foliage light green, leaves pointed. Does not lose its leaves until the beginning of real winter. 40c each; 3 for \$1.00; 6 for \$1.80; 12 for \$3.45, prepaid.

ECONOMY ASSORTMENT

The New Thornless BOYSENBERRIES

**WESTHAUSER'S Heavy Bearing
Strains — Established Money-Makers**

**10 to 14 Days Earlier Than Regular
Boysenberry—and No Thorns!**

Early! Big cash money. Bears ten days to two weeks before the regular Boysenberry (its parent). This is a decided advantage for the grower who wants to get his berries on the market when prices are at their peak. (The early bird catches the worm.) The production of the Thornless is even greater than those old thorny regular Boysenberry, which has produced over six tons per acre.

FLAVOR is a wonderful, pleasing combination of Raspberry, Loganberry and Blackberry. It's of a sensational, satisfying taste with unmatched qualifications, something you will long remember in pies, jams, jellies, cordials, canned or fresh.

VINES are smooth, resembling a grape vine with shoots from 6 to 10 feet long. Easy to pick and handle—means a labor saving not only to the commercial grower, but also to the home gardener.

Thornless Boysenberry Prices

1-yr., No. 1 Plants

Buy a Proven Strain

The Thornless Boysenberry is a sport or offspring of the regular Thorny Boysenberry. While many Boysenberry plantings have had occasional thornless "sports," they have been found to be valueless. Let that be a warning to the wise, be sure to get your plants from a proven strain. The sport our strain originated from is a distinctive success.

OUR PIONEERING—YOUR SUCCESS

Being pioneers in propagating and growing Boysenberries, we offer you Northern Grown, Healthy, Heavy-Rooted plants, tested and hardened to the northern climate and proven to withstand sub-zero weather.

HOW TO GROW BOYSENBERRIES

Set the plants 8 by 8 feet, tie the young vines in the spring on wire stretched on posts 2½ feet above the ground or tie on trellis. Let the young canes or vines lay on the ground through the winter. Cut out the old canes as soon as they are done fruiting and burn. In the extreme North it is advisable to cover the plants lightly with straw, leaves or earth before hard freezing begins. A precaution to be on the safe side. Continue the practice each year.

Thornless DEWBERRY

Another amazing discovery in the Thornless family. Easy to pick, easy to handle (no stickers), hardy, thrifty, succeeds anywhere. Berries are large, glossy black, sweet and juicy. Extra delicious fresh, in pies, jams and jellies; makes excellent wine.

PRICES: 1-yr., No. 1, 35c each; 3 for \$1.00; 6 for \$1.75; 12 for \$3.00. 2-yr., \$1.00 each; 3 for \$1.75; 6 for \$3.00; 12 for \$5.00.

Mr. Otis Brumby
of Georgia writes:

Last spring and last summer I bought quite a few 2-year-old transplants of Boysenberry from you. These are bearing fine this year. Would appreciate your sending me your catalog and prices.

← Everbearing BLACKBERRY!

This new large Everbearing Blackberry of jet black color has a fine spicy flavor, honey sweet, few small seeds and no core. Starts to bear in July and continues until winter. The plants are drought and disease resistant. No garden should be without some of these plants. Supply limited. Order now. PRICES: 1-yr., No. 1, 35c each; 3 for \$1.00; 6 for \$1.75; 12 for \$3.00. 2-yr. heavy bearing transplants, \$1.00 each; 3 for \$2.00; 6 for \$3.50; 12 for \$6.00.

Golden Queen RASPBERRY

**Six Extra Large 2-Year Plants
Only \$2.00**

This rich golden yellow Raspberry is not only a novelty but in many cases is grown in preference to the red and black Raspberry because of its sugar sweet flavor. Plants are vigorous growers, berries large, and immense producers. Get some for your garden now.

PRICES: 1-yr., No. 1 plants, 3 for 75c, 6 for \$1.25; 12 for \$2.00; 25 for \$3.25.

2-yr. transplants, bearing-age, 40c each; 3 for \$1.10; 6 for \$2.00; 12 for \$3.50.

Individual Bloom
of Magnolia

CHINESE MAGNOLIA

(Soulangeana)

This magnificent Magnolia is the aristocrat of all flowering ornamentals. It produces large cup-shape blooms 3 to 5 inches across. Blooms early in the spring before its leaves unfurl. Leaves are large and glossy. A highly ornate specimen at all times of the year. Grows 18 to 20 feet high. They attract admirers and they will come by your home just to see its amazing beauty. This variety is the hardiest and is adapted to northern climates.

PRICES

2-yr., field grown, ready to bloom, 15 to 20 inches, \$2.00 each; 2 for \$3.50; 6 for \$9.00.

Extra heavy, bushy specimen plants, 24 to 36 inches, \$3.00 each.

The New ROBINSON

FLASH! Most Encouraging to
the Strawberry World

This new berry was introduced here in the HEART OF THE FRUIT BELT and after consistent trials has proven to be most outstanding, and a stirring sensation in the strawberry world.

FIRM — FANCY — BEAUTIFUL **Scarlet-Red to the Core**

Only being in existence a few years it has made a SMASH HIT quickly. ROBINSON is of a beautiful glossy scarlet-red to the core and has a wonderful mild juicy flavor, it bears over a long season. The fruit is large and conical shaped, ripens a few days after the early Premier and bears over a long season, holding its large size to the last picking. It is very firm and stands shipping excellently. Being an excellent market berry, good canner and outstanding preserver, makes it a crashing hit. No doubt the fanciest and most attractive ever introduced.

Foliage

The foliage of the ROBINSON is light green, thrifty and heavy.

Heavy Plant Maker

ROBINSON places its runner plants profusely and makes an ideal picking row.

Buyers Scramble to Get Robinson

Buyers now, at the largest fruit market in the world here in Benton Harbor are interested in getting this berry. Their first word is "have you ROBINSON?" They have a waiting list of select, fancy, retail trade which are waiting for this berry. Plant now and reap the BIG CASH returns next spring. Order your plants early as we do not have a large supply to spare this year.

Prices: 25 for \$1.10; 50 for \$1.85; 100 for \$2.75; 200 for \$5.00; 300 for \$7.00; 500 for \$8.50; 1000 for \$16.00. Net, no discount.

FUJIYAMA

Was originated in the Orient. It is the largest Strawberry ever grown, some berries measure 7 inches around and weigh up to two ounces. These large, sweet, delicious berries are excellent for home use and nearby markets as they are almost too large for long distance shipping. Makes a beautiful plant and picking row. Very productive. Ripens midseason to late, and holds its size well until the end. **Prices:** 25 for \$1.00; 50 for \$1.60; 100 for \$2.60; 200 for \$4.75; 300 for \$6.50; 500 for \$9.00. Net, no discount.

TREE STRAWBERRY or Strawberry-Raspberry

A very unique ornament as well as fruit bearing plant for the garden. Each year there is a new top growth, 15 to 18 inches high, and the fruit is borne in June on the same season's growth. The roots do not have to be transplanted and are good for many years. The fruit is large, cardinal-red, cone-shaped. It is the size of a strawberry. **Prices:** 6 for 60c; 12 for \$1.00; 25 for \$1.75; 100 for \$6.00.

Premier follows Maytime, ripens about one week later. It is the one older standard variety which has stood the test for over 20 years. It gets on the market early while there is a good demand and practically no competition. This alone makes it a prize money-maker. The berries are large, of a beautiful red appearance, very firm and stand long shipping well. It holds its size well to the last of the season. Premier is supreme for eating, canning, local and long distance hauling. It is an all-purpose strawberry. The plants are very productive, sturdy, long rooted, good drought-resisters and make a good fruiting row on any kind of soil.

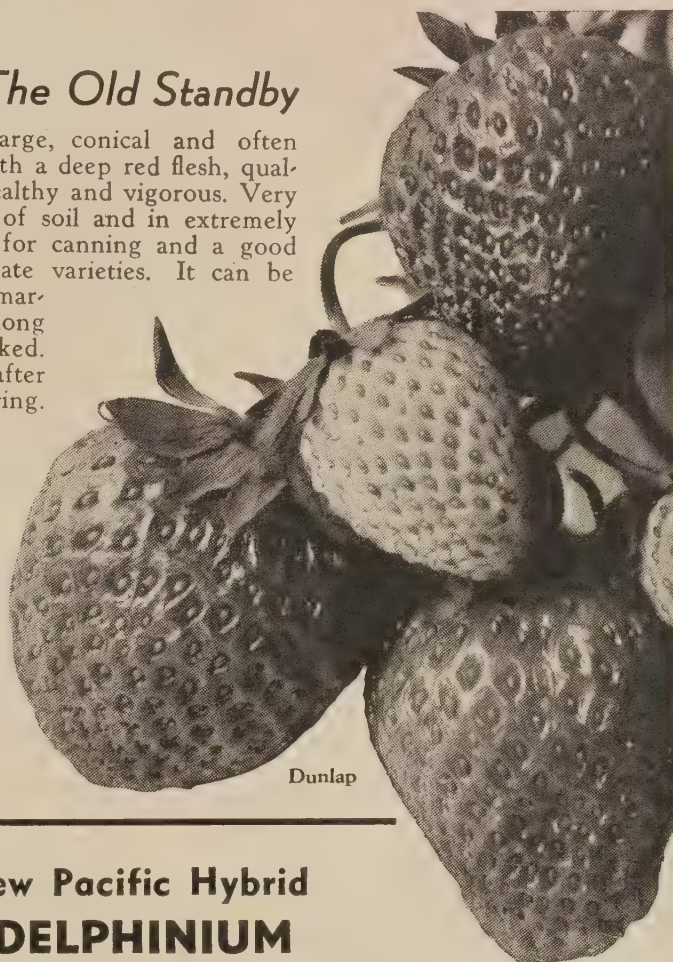

DUNLAP - The Old Standby

The berries are medium to large, conical and often slightly necked, dark crimson, with a deep red flesh, quality very good. The plants are healthy and vigorous. Very productive. Grows on all kinds of soil and in extremely cold climates. The best variety for canning and a good pollenizer for pistillate varieties. It can be shipped to distant markets. Holds up a long while after being picked. Season a few days after Premier begins bearing.

Dunlap

New Pacific Hybrid DELPHINIUM

This elegant strain of Delphinium is almost beyond description. Flower spikes 3 to 5 feet long closely packed with individual flowers measuring from 2 to 3 inches across. Mostly two-tone double, ranging from lavender through deep purple, and blue through dark blue. Just the touch of color needed to make a charming planting complete. The plants are resistant to mildew. Stems are wiry and strong enough to resist high winds. 5 for \$1.00; 12 for \$2.25, prepaid. No discount.

Delphinium

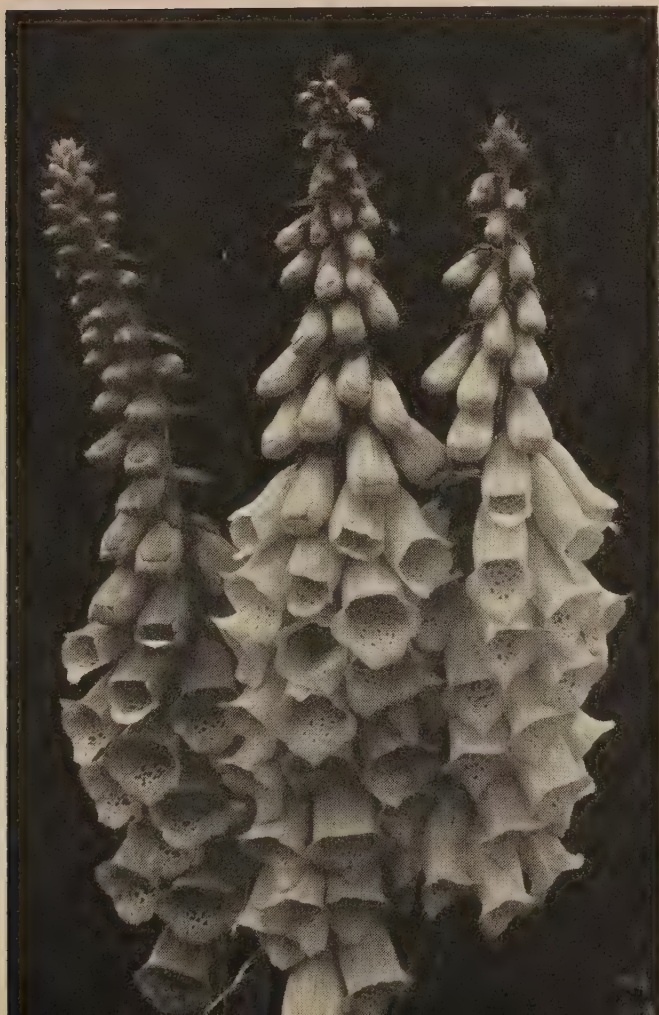

FOXGLOVE

Shirley Hybrid

The flower heads are over 3 feet long, crowded with big, bell-shaped blossoms. Colors range from white and shell-pink to deepest rose, many attractively dotted crimson or chocolate. Strong, field-grown plants, 3 for 75c; 6 for \$1.25, prepaid. No discount.

[9]

MAYTIME

U.S.D.A.
2267

— Earliest of All —

EARLIEST COMMERCIAL variety. Ripens about a week ahead of the Premier. Maytime was originated by Dr. Darrow, the federal plant expert. It has proven to be a thrifty, vigorous grower and produces a wide fruiting row. The beautiful red color of the berries is darker than the Blakemore and lighter than the Premier. The berries do not turn dark on holding. The Beauty, Earliness, Firmness and Quality are four reasons why MAYTIME is a winner.

PRICES: 25 for \$1.10;

Original

Grand Champion

LONGEST SEASON JUNE EVERBEARER EVER INTRODUCED. Grand Champion was found as a single seedling on a decaying tree stump, produced 30 plants, which were set out in space of 66 square feet. We harvested 105 quarts of berries off this setting the next spring.

OVER 13,400 QUARTS ON AN ACRE. Our last year records show that we picked the equivalent of 13,400 quarts per acre.

FROST PROTECTION. Grand Champion blooms over a long period and is protected from freezing because of its tall and dense foliage.

BEST QUALITY BERRIES for 40 days. The large, rich red, coreless berries start in June and continue until the late varieties are through.

ONLY FROM WESTHAUSER'S CAN YOU BUY THE ORIGINAL STRAIN. 25 for \$1.00; 50 for \$1.60; 100 for \$2.25; 200 for \$4.20; 300 for \$6.00; 500 for \$7.75; 1000 for \$14.00.

Grand
Champion

Great
Master

GREAT MASTER

A New Late Money-Maker

Great Master was found as a seedling and after trial testing for some time it passed our most rigid tests and exceeded our fondest hopes. The plants are large and thrifty, make many runners, but space their plants far enough apart to insure large berries. The large, firm, sweet berries have an individual flavor. This berry is one of the most outstanding finds for the Strawberry world. **PRICES:** 25 for \$1.15; 50 for \$1.85; 100 for \$2.75.

GEM

The Crimson Everbearer

SIZE AND APPEARANCE. The berries are large size, very uniform and hold their size even throughout dry weather. The color is a deep red, very glossy, and they have a very fancy appearance.

FOLIAGE. For an Everbearer, GEM is a heavy plant maker and produces a larger fruiting row than any other Everbearer we know. The plants are very hardy, not subject to leaf blight.

FLAVOR. The berries are very sweet and have a flavor like the Progressive variety. The flesh of the berry is very fine grained and red clear through. Very little sugar is necessary to bring out the flavor.

FIRMNESS. The berries are extremely firm and stand long distance shipping well. If you are in the market for an outstanding firm and fancy Everbearer, try GEM this year. Play safe, order now.

Red Lake Currant ➡

Outbears Others Two to One

Double your crop and profits by raising these big, very productive Currants. The bushes are thrifty and exceptionally hardy, very easy to grow. The berries are a pleasure to pick, being large, dark red in color, and on long, well filled bunches. Originated in the Northwest where the temperature reaches 40 below zero. They ripen in early midseason and last over a long period. Order early; supply limited. 2-year, No. 1 plants, 50c each; 3 for \$1.40; 10 for \$3.50; 25 for \$6.25.

May Day Tree

Blossoms are long clusters of fragrant white flowers to cut for bouquets before other trees bloom, small fruits attract birds. Extremely hardy. Grow in bush or tree form. Grows to 20 feet. Prices: 4-5 ft., \$1.00 each; 3 for \$2.25. 5-6 ft., \$1.25 each; 3 for \$3.00.

At Last!

An EVERBEARER which has EVERYTHING

The picture at left was taken on our farms on September 20th this year and will give you an idea of the beauty of this wonderful berry.

**MINNESOTA
1166**

3 CROPS IN 18 MONTHS

When planted this spring, this wonderful berry will produce a crop in July and continue until late fall. Next spring these plants begin fruiting with the early June varieties. Then after a short layoff they will bear again in late summer until snow flies.

RED TO THE HEART

Minnesota 1166 is of a dark and pure dazzling red to the center and no green tips or spots.

LARGE GIANT CONE-SHAPED BERRIES

The berries are streamlined, large and cone-shaped, very firm, excellent shippers, easy to hull, and unusually sweet. Truly one of nature's most remarkable finds for the Strawberry world.

HEAVY PLANT MAKER

You can depend on this exceptional new Everbearer to give you a full fruiting row as it is a free plant maker and makes an ideal fruiting row.

Pfitzer Juniper

Beautify Your Home and Grounds with **WESTHAUSER'S EVERGREENS**

NORWAY SPRUCE.

Deep green foliage, excellent for windbreaks; an ideal Christmas tree. Fast grower. Twice transplanted.

Norway Spruce

TSUGA CANADENSIS (Hemlock). Valuable for landscape use in partial or heavy shade, or on north side of buildings. Thrifty, heavy rooted trees, twice transplanted.

PFITZER'S JUNIPER. Low, horizontal growing evergreen with bluish tint, foliage fine in texture. They are very graceful and particularly useful for foundation planting, in rock garden and in front of taller evergreens. Packed and shipped with sufficient peat moss to insure good growth.

IRISH JUNIPER. Very symmetrical in outline. Glaucous green foliage. Usually grows not more than 8 or 10 feet in height with a very narrow diameter. These heavy rooted trees are twice transplanted.

COLORADO BLUE SPRUCE. Its steel-blue glistening foliage makes it desirable for lawn or grouping. Nice bushy trees. Will make rapid growth from now on. They have a wonderful root system; twice transplanted; packed with sufficient peat moss to insure good growth.

MUGHO PINE. This dwarf evergreen attains the height of 4 ft., has dark green needles produced in bunched groups, very compact grower, like a dark green mound. Will grow in semi-shade. A prize exhibit for border or foundation planting.

CHINESE JUNIPER. A rugged conical tree with prickly dark green foliage and large berries.

LATHAM

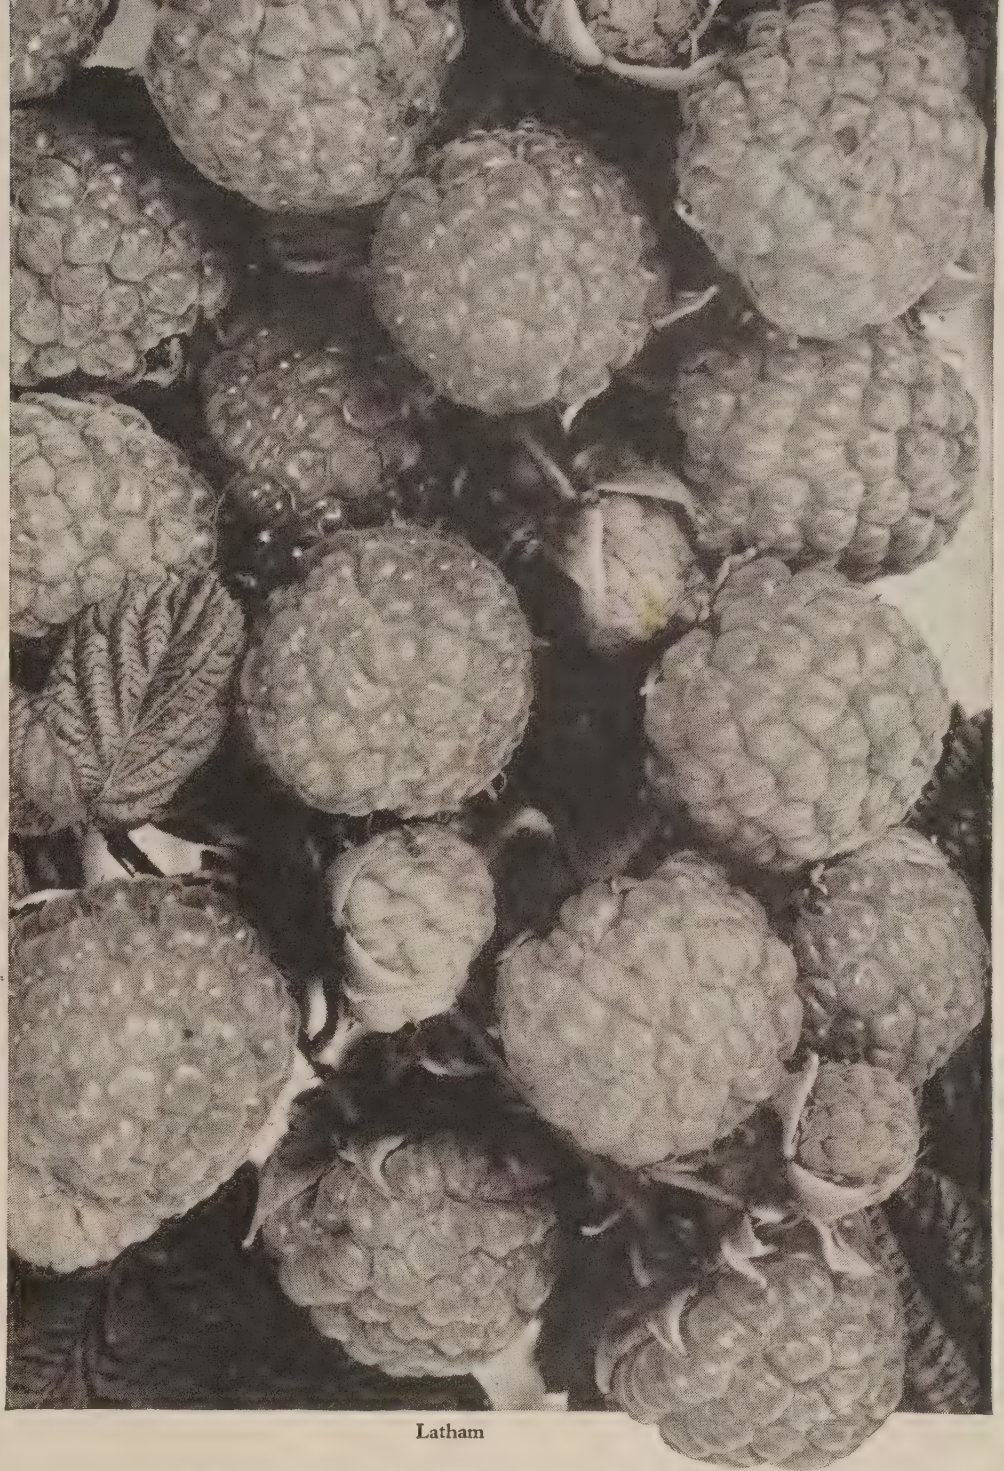

(Midseason)

- *The Standard,
Most Profitable,
Commercial
Red Raspberry*

Undoubtedly the best medium to late variety, it thrives and produces in all localities. It does not winter-kill even at 45 degrees below zero. The large, beautiful, rich dark red berries often measure an inch in diameter, they are firm and have a good keeping quality, excellent for canning and shipping as well as for table use. Ideal fresh frozen berry.

BRISTOL BLACK RASPBERRY

This is one of the newer and considered one of the best medium to late Black Raspberries. Harvesting time is a few days ahead of Cumberland. This introduction was made at the New York Experiment Station. Bristol has proven itself to be one of the foremost Black Raspberries of today. Fruit is large and of a glossy black, and is very showy, firm and of excellent quality. Supply limited. Order now.

CUMBERLAND

The Leader of All Blacks

The leader of all Black Raspberries. Does well in any climate. Produces big cash paying crops. Will grow on any well drained soil. Firmest of all Blackcaps, does not crumble. Buyers pay top-notch prices for these attractive, large, rich Blackcaps. Their luscious sweet flavor makes them a favorite to eat fresh, table use or canning. Delicious fresh frozen.

New!

EARLY WONDER THORNLESS

Trademark Applied For

IT'S EARLIEST AND IT'S THORNLESS

This variety was discovered here in Michigan several years ago by Mr. Henning, who found it growing in a patch of Latham. Now he grows the Thornless Red Raspberry EXCLUSIVELY. Early Wonder is a combination of tested and proven merits. The large and sturdy plants have silky smooth wood, no stickers. The berries are borne in large, beautiful bright red clusters, and are very firm, excellent shippers. A delicacy either fresh, canned, in preserves and jellies.

EARLY WONDER

This variety was discovered here in the heart of the Fruit Belt several years ago, growing in a patch of Latham. NOW this Thornless Red Raspberry is grown exclusively by the wide-awake farmers.

Early Wonder has proven by tests to be the biggest Money Maker in the raspberry world—out-meriting all others. The large, sturdy plants have silky, smooth wood, no stickers. The berries are borne in large, beautiful, dazzling, bright-red clusters, very firm, does not crumble. Excellent shipper. An outstanding delicacy either fresh, canned or in preserves, jams, jellies, and fresh frozen.

Early Wonder is a Real Money-Maker

Westhauser Nurseries,
Sawyer, Michigan.

West Michigan

Gentlemen: Early Wonder is a real money maker—gets the top money—because it ripens two weeks earlier than other Red Raspberries, when there is no price competition. Early Wonder has made more money for me than any other Red Raspberry in a commercial way. It is easy to handle because it is thornless. I intend to grow Early Wonder exclusively for the market.

Yours very truly,

HERBERT ZIEGERT.

LABOR SAVER

Commercial growers will appreciate these stickless plants as they can be handled easier, and more cheaply. The home gardener will enjoy raising these Thornless Red Raspberries.

Sold Exclusively by Westhauser's Nurseries

After years of constant observation of the habits of this berry we have come to the conclusion that Early Wonder should be introduced to the Raspberry world, and made available for all Raspberry lovers.

We have a limited amount of these plants to offer our customers for 1944. Order now before our supply is exhausted, obliging us to return your money. Why wait until 1945 to get your start? Be the first in your locality to introduce this outstanding variety.

Earliest! One 24-Pint Crate of Early Wonder Brought \$13.00

Being the EARLIEST, one of the first 24-pint crates of EARLY WONDER brought \$13.00 on the Benton Harbor Wholesale Fruit Market—largest market of its kind in the world. EARLY WONDER bushes are beaming bright red with large, firm, luscious berries long before other Red Raspberries are ripe. Ripens ten days earlier than Latham, thus avoiding price competition and insuring top market prices. EARLY WONDER bears over a long fruiting season, producing earliest and holding its own until the last of the Raspberry season.

WESTHAUSER'S RASPBERRIES

WHITE BLACKBERRY

Strange as it may seem, this is a real creamy white honey sweet blackberry. Mixed with the jet black ones for dessert, it makes a most wonderful dish. The fruit is about the size of Alfred with few seeds and very sweet when fully ripe. The bushes are good, strong growers and very productive. This is not a worthless novelty, but a fruit of real value, and should be in every garden. Two-year giant transplants, bushes which will bear a good crop of berries this year, starting in August.

INDIAN SUMMER

The Giant Everbearing Red Raspberry

Two Crops in One Year!

12 Extra Large Plants Only \$1.40

The Double Bearing and Double Profit Red Raspberry

It bears a full crop in June and another in the fall. The berries are long, deep mammoth red, small cavity, very rich in flavor. The plants are hardy, tall and in production they will par or outyield any red. Very good fresh, canning and shipping quality.

MR. W. J. BEUSCHLEIN
OF DETROIT, MICH., WRITES:

"I want to tell you about the Latham transplants I bought of you. I set out 500 plants in March and in July I sold enough of these wonderful berries to pay for more than double the cost of the plants. I never heard of such a remarkable record for the first year. Next spring I will set out five acres; can you supply me with plants? I am more than satisfied and thank you for your co-operation."

Morrison Blackcap

MORRISON BLACKCAP

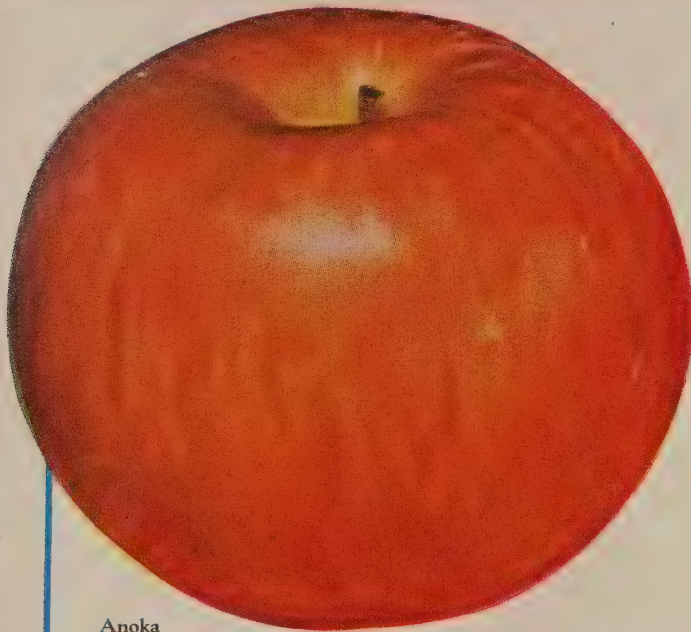

The Elephant of the Blackcap Family

12 Plants Now Only \$1.60

Net, No Discount

Even larger than the Cumberland. This new variety was found growing wild in Girard, Pa., by county agent Paul Croosman of Erie County. Mr. Croosman was attracted by its unusually large berries, many of them an inch in diameter, which held their size to the last. The plants are strong and thrifty, also free from disease. The berries are highly flavored, firm, jet black and not very seedy. Fortunately we obtained a small quantity of these plants at a fancy price for propagating purposes, and now we have a limited amount of hardy, northern-grown plants available for our customers. Order now.

Westhauser's Northern Grown Quality APPLE TREES

Anoka

ANOKA

NO WAITING. Anoka bears the first year after planting. Commonly known as the Old Folks Apple because of its early bearing. Best early summer Apple. Very hardy, will grow in any climate. Fruits in August. The fruit is excellent for eating, sauce or pies. The Apples are large, red and striped. The tree is of a semi-dwarf type, making picking an easy chore. You should have one or more of these trees in your yard which will furnish a good supply of fruit without years of waiting.

Haralson

The New HARALSON APPLE

Because of its hardiness, you can have these large dark red Apples no matter where you live. It thrives anywhere. Comes into bearing very early in life and is a very vigorous grower. Excellent eating, good keeper and good cooking Apple. Thrives and bears heavily in climates of 40 degrees below zero.

ANOKA AND HARALSON PRICES

DOUBLE RED DELICIOUS. (Fall, winter.) This new Double Red Delicious colors about 3 weeks earlier than the common Delicious. In August, when the regular Delicious are still green, Double Red Delicious are red all over and are ready to bring fancy prices. Our supply is limited—order early and play safe.

JONATHAN. (Late fall, winter.) Grand, good winter Apple. Bright, solid red. Flesh white, sometimes tinted with red; firm, fine, crisp and tender. A splendid family sort and highly profitable for market. Tree long-lived, productive and an early bearer. Keeps well and will stand much handling.

McINTOSH. Medium in size. Fruit is beautiful red, somewhat striped. Flesh is white, crisp, and highly flavored. The tree is hardy and vigorous, and starts to bear young, and heavily. A favorite market and eating Apple. Ripens in September and October. Good storage Apple.

SNOW APPLE. Medium. Deep crimson, flesh white, very juicy and tender.

YELLOW TRANSPARENT. (Early.) The finest extra early yellow Apple. Ripens late in July and continues in season until September. Fruit good size, waxy yellow. Flesh white, mild, juicy, sweet.

WEALTHY. Ripens late summer and early autumn. Perfectly hardy, vigorous and productive. Fruit large, red streaked with white. Quality good. A profitable market sort.

STANLEY PRUNE PLUM

The best prune type plum. BEARS SECOND YEAR, BIG YIELDER EVERY YEAR. Gets top prices on the market as it ripens 10 days earlier than other varieties. It is a freestone with beautiful bluish purple skin, and luscious golden flesh that has a rich, mild sweet flavor. A real treat either fresh or canned. When canned the fruit is wine-red all the way through. Requires very little sugar, holds its shape and retains skin in cans.

Stanley
Prune

PEARS

BARTLETT. The most popular Pear for home use and market; a leader among canning Pears. Large, golden yellow with reddish blush on the sunny side. Flesh tender, melting and juicy, with delicious, musky flavor. Tree vigorous, erect, bears abundantly.

* **KIEFFER.** (Fall.) Large, handsome appearance; rich golden yellow, sometimes tinted red on the sunny side; bears largest, most consistent bumper crops. Wonderful keeper and an astonishing long distance shipper. Tree hardy, very strong grower, bears at an early age, producing phenomenal crops.

* **SECKEL.** One of the richest and highest flavored Pears known; always in demand for desserts and luncheons and better known than any Pear of its class. The tree makes a somewhat slow but stout and erect growth. September and October.

SEEDLESS PEAR

(Patent Pending)

Endorsed by Prof. Ellenwood, Ohio Agricultural Experiment Station. Triumphs in quality and flavor. Every bit a delight! Smooth and melting, juicy, sweet and packed full of rich flavor. No seed. No core. Just solid white Pear all the way through. As large as the largest Bartlett. Waxy yellow skin with russet flecks and red cheek. Easy to can. Serve smooth halves or whole Pears for fine salads and desserts. A practical, high grade fruit for market. Ripens 10 days after Bartlett. Trees usually bear when three years old, and produce enormous crops.

Prices: Super Size, 11/16 in, 5 to 6 ft., \$1.90 each; 3 or more \$1.80 each. 9/16 in., 4 to 5 ft., \$1.50 each; 3 or more \$1.40 each.

LILY-OF-THE-VALLEY

The old-fashioned perfumed aroma first love flower. A mass of deep green foliage with stems loaded with many beautiful bell-shaped flowers of a pure white, edges are softly rolled and fluted. A favorite with all flower lovers. 3 for 50c; 6 for 75c; 12 for \$1.10; 25 for \$1.95; 50 for \$3.50. Prepaid. Net, no discount.

COTONEASTER Divaricata

A beautiful uncommon shrub that has a graceful spreading habit of growth. Ideal for planting in front of taller growing shrubbery. The tiny, dark green, shiny like holly leaves turn red and orange in fall, and hang on the bush well into winter. The great profusion of white flowers are followed by beautiful, conspicuous clusters of red, egg-shaped fruit. Hardy and easy to grow. We offer you strong 12 to 18 inch 2-yr. plants at the exceptionally low price of ONLY 50c each; 3 for \$1.00; 6 for \$1.90; 12 for \$3.50.

REDHAVEN *Peach*

**Earliest, Dazzling All-Red,
Self-Pollenizing Peach.
Equality Unpared.**

REDHAVEN was originated at the South Haven Experiment Station. A cross between the Hale-Haven and Kalhaven. After numerous tests it has proved to be a winning variety and is positively the brightest introduction the Peach world has ever seen.

The Maturity of Redhaven is From Three Weeks to One Month Before Elberta

During the early Peach season, while the Peaches are green, Redhaven is of a bright brilliant red, ripening three weeks to one month before the standard varieties, this making it assured of avoiding price competition and obtaining top market prices. A sure hit, and big money maker.

REDHAVEN is a fruit of medium size, free-stone, self-pollenizing, completely covered with a bright red, smooth skin. It is rich in flavor, sweet and abundantly juicy, meat being of a fine grain and red to the pit. Get started now with Redhaven—the true money maker.

PRICES: Large trees, 4 ft. and up, 9/16 in. caliper, \$1.25 each; 3 for \$3.50; 5 for \$5.50; 10 for \$10.00; 25 for \$23.00; 100 for \$82.00.

Martha Washington ASPARAGUS

The demand for this delicious vegetable increases every year—the first greens from your own garden in spring. 100 to 150 roots will supply the average family.

FOR COMMERCIAL GROWING

The first money crop in spring. Fancy stalks for stores and markets; the No. 2 grade for canning and canning factories; easily harvested. Here in Michigan the harvest commences the latter part of May. An asparagus patch once established will last from 10 to 20 years. 5,000 roots plant one acre.

ELBERTA

Midseason. The Standard of All Peaches

The outstanding midseason variety by which all midseason Peaches are judged. Grown over the entire country for both commercial and garden purposes. Very large, yellow with red blush cheek, very juicy, highly flavored. Hardy, vigorous grower, does well in all Peach growing sections. Ripens fore part of September. Write for special prices on large quantities.

HALE-HAVEN

(Early Yellow Freestone)

This wonderful new Peach was introduced by the Michigan State Experiment Station, South Haven, Michigan. It is a cross between South Haven and J. H. Hale. A large, beautifully colored, yellow-fleshed Peach ripening about two weeks before Elberta, a perfect free-stone, extremely high color; colors a few days before it is ripe on the tree, therefore can be picked reasonably green for long distance shipping. Write for special prices on large quantities.

NUT TREES

BLACK WALNUT TREES

Black Walnuts are so easy to grow, and hardy practically everywhere. Richly flavored kernels are useful for many purposes. The trees produce graceful fronds of leaves. Ideal for lawn and shade purposes. High timber value. Prices: 3 to 4 ft., 75c each; 2 for \$1.25; 5 for \$2.90. Net, no discount.

Hardy Northern Grown PECANS

Just as hardy as the hickories, and should not be confused with southern-grown stock. Our trees are Michigan-grown and have withstood a temperature of 17 to 20 degrees below zero without injury. They are ideal for shade trees, as they are practically immune to insects and do not shed their leaves until late in the fall. Prices: 3 to 4 ft., \$1.50 each; 3 for \$4.00. Net, no discount.

Juneberry

Juneberry Bush

JUNE BERRY

Rare Ornamental Flow- ering and Fruiting Shrub

Is a tree-bush, grows to 6 feet high and spreads wide at the top; stems are shiny red in the winter, covered with white blooms early in the spring, thus making it a rare ornamental shrub. The blooms are followed by large, grape-size berries, reddish purple. Flavor like blueberry or huckleberry but not as acid. Edible and relished by all.

Prices: 2 to 3 ft., \$1.00 each; 3 for \$2.50; 6 for \$4.00.

CHERRIES

WINDSOR

(Sweet.) A late variety, valuable for market and desirable for home use. Fruit large, dark red. Flesh firm and sweet. Resists rot and clings to tree long. Write for special quotations on larger lots. **Prices:** 4 to 5 ft., 7-9/16 in., heavy rooted stock, \$1.40 each; 3 for \$4.00; 6 for \$7.50; 10 for \$11.25; 25 for \$24.00; 100 for \$90.00.

SCHMIDT

The Best Dark Sweet Cherry

An excellent market Cherry. Fruit is very attractive and keeps well. Deep crimson-red color. A heavy producer of extra large, tender, juicy fruit. Write for special quotations on larger lots. **Prices:** 4 to 5 ft., 7-9/16 in., heavy rooted stock, \$1.40 each; 3 for \$4.00; 6 for \$7.50; 10 for \$11.25; 25 for \$24.00; 100 for \$90.00.

Schmidt

LARGE MONTMORENCY

The Best Sour Cherry

Best large, late pie Cherry, ripening the latter part of June. The fruit is extra large, bright red, firm, and fine for shipping. A strong grower, perfectly hardy, bears young, and a full crop. This variety is very scarce, the country over; order early and avoid disappointment. Write for special quotations on larger lots. **Prices:** 7-9/16 in., \$1.00 each; 3 for \$2.90; 5 for \$4.75; 10 for \$9.10; 25 for \$22.50.

New Everblooming SWEET WILLIAM

Imagine the most popular garden flower in a full array of mixed colors, blooming consistently throughout the season, showing their beautiful colors in fancy patterns. The flowers are shaped, clustered and colored much like the phlox; markings being more sharply defined. A mixture of delicate and gorgeous colors. 3 for 60c; 6 for \$1.00; 12 for \$1.75; 25 for \$3.25; 50 for \$5.00, prepaid. **NET, NO DISCOUNT.**

NEW SILVER-BLUE PFITZER

Most Striking Evergreen Ever Introduced

(U. S. Plant Patent No. 422)

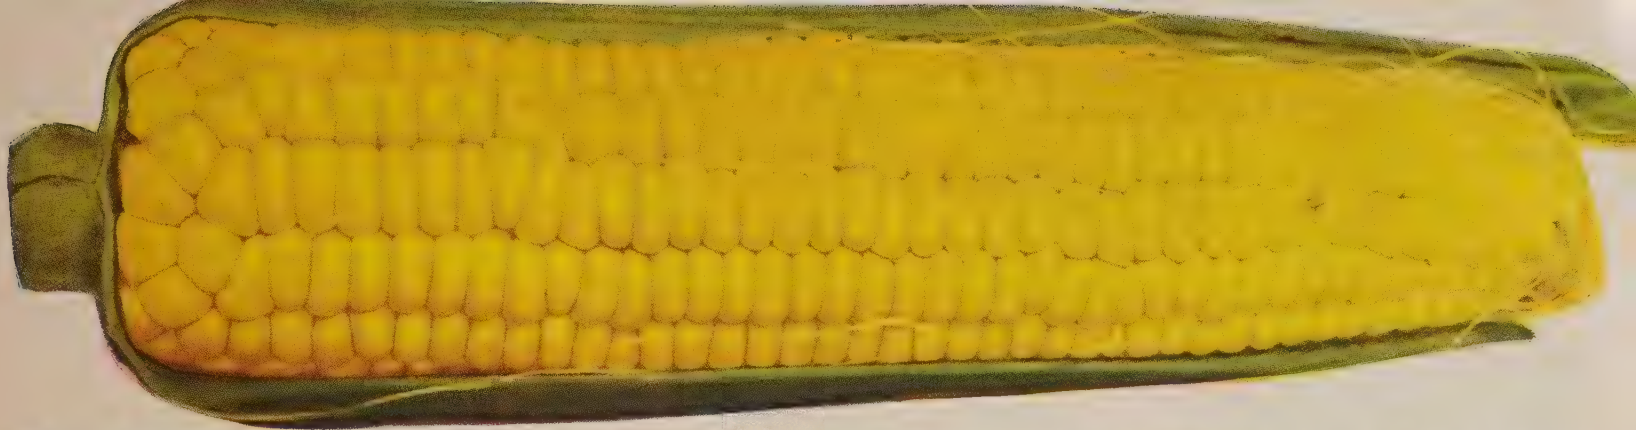

A new Pfitzer with a beautiful silvery blue color that is as intense and as even as the Koster Blue Spruce. Has all the fine qualities of the well known green Pfitzer. Grows a little more compact. Foliage is slightly finer. Entirely hardy anywhere. It's new! It's beautiful! See natural color photo above. Get yours now. **Prices:** 9 to 12 in., \$1.50 each; 3 for \$3.75.

See page 14 for other Evergreens.

APRICOTS

MOORPARK. Large, roundish oval, pale orange with a faint touch of red on cheek; yellow flesh; ripens first of August. **Prices:** Strongly rooted, 4-5 ft. trees (FANCY), \$1.50 each; 2 for \$2.45; 5 for \$5.50; 10 for \$9.25.

VEGETABLE SEEDS FOR YOUR VICTORY GARDEN

Selected by Expert Seedsmen

New 60-Day Hybrid SWEET CORN

Finest Quality—Really Early—Brings 40c to 60c a Dozen

Without a doubt the finest early variety in cultivation for home and market gardens. Earliest of all quality Hybrid Sweet Corn. Ready for market in 60 days. 12-rowed, golden yellow ears, with small cob, on stocky 4-foot stalks. Brings 40c to 60c a dozen. $\frac{1}{4}$ lb., 30c; $\frac{1}{2}$ lb., 50c; 1 lb., 70c; 2 lbs., \$1.35; 5 lbs., \$3.25. No discount.

Westhauser's WHITE BEAUTY CUCUMBER

Known as acid-free. Beautiful clear white, does not change color when fruit is matured. Fruit 8 to 10 inches long, uniform, wonderful flavor. Excellent as a slicer or for pickles. Pkt., 25c; oz., 45c; $\frac{1}{4}$ lb., \$1.35; 1 lb., \$5.00. No discount.

Westhauser's Early ASPARAGUS SQUASH

Beautiful fruits 18 to 24 inches long, dark green with lighter green stripes which change to yellow when mature. Flesh firm, greenish to white. Delicious stewed, excellent fried with peeling, truly a delicacy, suggesting asparagus. Early and prolific. Pkt., 25c; oz., 45c; $\frac{1}{4}$ lb., \$1.35; 1 lb., \$5.00. No discount.

PEPPER, Early Fordhook

The earliest thick-fleshed, large, dark green, sweet Pepper. Brilliant red when ripe. Pkt., 30c; $\frac{1}{2}$ oz., 60c. No discount.

New! MINGOLD TOMATO

Early, productive, more healthful. Now Yellow Tomato Juice that is delicious, more healthful, richer in Vitamin D. Think of the tasty, colorful combination salads. Less acid, fine for marmalade. Originated by Dr. Troy Currance of Minnesota Agricultural Experiment Station. Very hardy, thick-skinned, uniform, delicious flavor. Ripens early. Plants should be staked. Packet of over 150 seeds, 25c each; 2 for 35c; 10 for \$1.00. No discount.

Westhauser's New RED GIANT TOMATO

The largest rich, red Tomato. Solid thick meat, few seeds. Medium early. Pkt., 30c; $\frac{1}{2}$ oz., 60c; oz., \$1.00. No discount.

WESTHAUSER'S SHADE TREES

CHINESE ELM

Very hardy and a splendid tree for the drier portion of our country. A rapid grower, well rounded head, grows to a tall, spreading tree. Almost any soil suitable. Our trees are very sturdy, 4 years old, twice transplanted and cannot be compared with spindly 1- or 2-year-old trees grown on muck land. Heavy, bushy trees, 3-4 ft., 30c each; 10 for \$2.60; 100 for \$21.00. 6-8 ft., heavy, bushy trees, \$1.00 each; 10 for \$8.00. 8-10 ft., heavy, bushy trees, \$1.75 each; 10 for \$15.00. Net, No Discount.

SUGAR MAPLE (Rock Maple). A well known native tree, having a very symmetrical, dense head. One of the best shade trees for street or park. 4-5 ft., 60c each; 3 for \$1.35. 7-8 ft., \$1.00 each; 3 for \$2.50. Net, no discount.

SILVER MAPLE. Rapid growing tree, producing a quick shade, suitable for street or park. Leaves irregularly indented, bright green above, silver beneath. 3-4 ft. trees, 35c each; 10 for \$2.50. 4-6 ft. trees, 75c each; 3 for \$1.40. Net, no discount.

WISCONSIN WEEPING WILLOW. Grows rapidly. Long, fine leaves on long sweeping branches reach the ground. 4-5 ft., 60c each; 3 for \$1.40; 6 for \$2.35; 12 for \$3.90; 25 for \$8.75. Net, no discount.

LOMBARDY POPLAR. Tall and slender tree with bright green leaves and silvery appearance on under side. 6-8 ft. trees, 75c each; 3 for \$1.50; 6 for \$2.50; 12 for \$4.75; 25 for \$9.00.

HEDGE PLANTS

CHINESE ELM HEDGE. The very finest of all hardy hedges, very fast grower, can be trimmed to any size or height. Plant 12 to 18 inches apart along walks, drives, lot lines, as windbreaks, or to hide undesirable views. Cut tops back to 12 inches to cause plants to branch thicker from the bottom. Grows 12 to 15 feet in height. 25 for \$1.30; 50 for \$2.10; 100 for \$3.25; 500 for \$12.50. 15 to 20 in., 6 for \$1.00; 12 for \$1.75; 25 for \$3.50; 100 for \$12.50.

CALIFORNIA PRIVET. This variety has long been known as one of the most beautiful hedging plants. It grows rapidly and is free from insects and scale. Leaves are dark, glossy green. Not dependably hardy in some northern sections. 6 for \$1.00; 12 for \$1.75; 25 for \$2.75; 100 for \$8.75.

AMUR RIVER PRIVET. The hardiest and one of the most beautiful hedges. Glossy green leaves stay on long into the winter. 6 for \$1.00; 12 for \$1.75; 25 for \$2.75; 100 for \$8.75.

Deutzia, Pride of Rochester

The most popular and hardy of the Deutzias. Grows from 6 to 8 feet in height, and its mass of pinkish white bloom in June is a joy to all beholding it. Does well in any type of soil and for specimen or mass planting it is indispensable. Inter-plant with Deutzia Gracilis for fine border combination. 50c each; 3 for \$1.25.

Westhauser's

2-Year

Blooming-Size Shrubs

Deutzia Gracilis

One of the most beautiful of the dwarf shrubs. Grows to a height of 2 to 2½ feet. Trumpet-shaped white blooms are borne close to the stems, giving the appearance of flowering wands. Excellent for use where low-growing shrubs are wanted. Foliage is ornamental all through the summer. Heavy 2-yr. blooming-size, 50c each; 3 for \$1.25. Net, no discount.

Deutzia Gracilis—Dwarf, Free Flowering

Hydrangea A. G.

HILLS OF SNOW. Big, flat panicles of white flowers come in midsummer and last all fall. Wide leaves. Bushy, 3- to 4-foot grower. Heavy 2-yr. blooming size, 50c each; 3 for \$1.25. Net, no discount.

Hydrangea A. G.

Forsythia (Golden Bell)

Earliest blooming. Golden, bell-shaped flowers. Blooms often before the snow is gone. Heavy 2-yr. blooming size, 50c each; 3 for \$1.25, net no discount.

Spirea Anthony Waterer

Bright crimson flowers blooming at the end of June, and if flowers are removed when they fade will bloom until frost. Dwarf grower, not over 2½ feet at maturity. Heavy, 2-yr. blooming-size, 50c each; 3 for \$1.25. Net, no discount.

Weigela Rosea

Sprays of large pink flowers. Leaves beautifully variegated green and white. Grows 3 to 4 feet. Heavy, 2-yr. blooming-size, 50c each; 3 for \$1.25. Net, no discount.

Snowball

Well known; flowers grow in large, ball-like clusters, snow-white; blooms early. Heavy, 2-yr. blooming-size, 50c each; 3 for \$1.25.

Snowberries

CHENAULTI RED. Graceful drooping branches covered entire length with tiny winglike leaves which color red in fall. Tiny pink blooms, large clusters of maroon berries. Dry them for winter bouquets. Heavy 2-yr. blooming-size, 50c each; 3 for \$1.25. Net, no discount.

Red Snowberry

Hydrangea P. G.

Giant heads of creamy white flowers. 6 to 9 inches long, turn to rose in autumn. Can be dried for winter bouquets. Fine for foundations, borders, groups. Heavy 2-yr. blooming-size, 50c each; 3 for \$1.25. Net, no discount.

Forsythia—Golden Bell

Honeysuckle

TARTARIAN. The finest and best known of the Bush Honeysuckles. Has somewhat spreading branches and bright green foliage. The flowers are of bright pink color, followed by red berries which ripen in midsummer and cling to the bush for several weeks. Heavy 2-yr. blooming-size, 50c each; 3 for \$1.25. Net, no discount.

Spirea Van Houtte (Bridal Wreath)

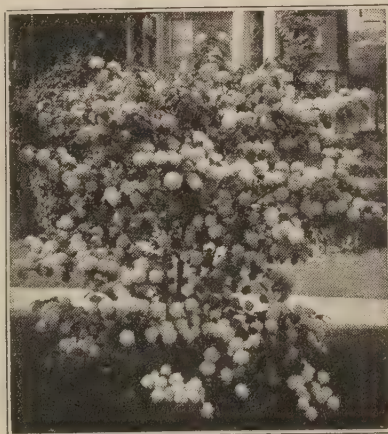

Long, graceful, drooping sprays covered with a mass of white flowers blooming in early spring. Very hardy, used in all sorts of landscape work. Grows to a height of 6 feet. 15 to 18 inches, well branched and heavy, 30c each; 3 for 60c; 10 for \$1.60; 25 for \$3.00; 50 for \$5.00; 100 for \$9.00. Net, no discount.

Honeysuckle, Tartarian

RED BARBERRY

No other shrub can compare with the striking brilliance of our double-red strain of Barberry. Its abundance of thick purplish red leaves glisten in the sun, contrasting luxuriously with the green and yellow of other plants. Bushes have low-growing habit. Can be pruned any time in summer to desired height and width. Lovely for borders, hedges, foundations, groups and lawn specimens. Red berries in winter. Set plants 1½ feet apart, in full sunlight.

Prices: 15 to 18 in., 45c each; 6 for \$2.10; 10 for \$3.20; 25 for \$7.00. 22 to 36 in., 65c each; 6 for \$3.50; 10 for \$5.50.

Red Barberry

HARDY ORCHID (Shilka Iris)

Discovered by Prof. Hansen in the wilds of Siberia. Looks much like expensive Orchids. Beautiful, harmonizing flowers, many are double. Blooms for six weeks or more. Prices: Blooming-size, 40c each; 3 for \$1.10; 6 for \$1.60; 12 for \$2.75.

EUROPEAN MOUNTAIN ASH

(Sorbus Aucuparia)

A hardy, medium size tree; head dense and regular. Covered from July until winter with large clusters of bright red berries. Reaches height of 25 to 30 feet. Beautiful and attractive. Prices: Strong, 5-6 ft. trees, \$1.50 each; 3 for \$4.00. 6-8 ft., \$2.50 each; 3 for \$6.00.

HYBRID FRENCH LILACS

Will Bloom This Year

Leading the parade ahead of all the lilacs. These varieties bloom very young, with mammoth panicles measuring 7 to 12 inches, clusters of gorgeous fragrant blossoms. Budded on hardy non-suckering roots. 1½ to 2 ft. bushes with a few bloom buds, 55c each; 3 for \$1.50.

Mass of Bloom Buds

Sturdy, heavy 2 to 2½ ft., 75c each; 3 for \$2.00; 6 for \$3.75.

DISCOUNTS

BLUE SKYLARK ASTER

Planted in May, we actually counted 800 blooms on one plant. We are listing this wonderful Aster with the 'Mum family. They have about the same blooming season, from early September to November. Blue Skylark is a very thrifty plant, grows from 2½ to 3½ feet high, can be planted for border planting or in back of smaller flowers like Glads or 'Mums on account of its great height. They are fine for individual bouquets or fit in beautifully with Glads, 'Mums, or other fall flowers. Prices: 25c each; 3 for 70c; 10 for \$2.00; 25 for \$4.00.

CUT-LEAF WEEPING BIRCH

A tall, slender tree of vigorous growth, with graceful drooping branches, silvery white bark and delicately cut foliage. Reaches height of 30 to 40 feet. Plant 20 feet apart. **Prices:** 5-6 ft., \$2.50 each; 2 for \$4.50; 3 for \$6.25. 8-10 ft., \$3.95 each.

Bittersweet

OLD-FASHIONED BLEEDING HEART

3 for \$1.35

Heart-shaped flowers with little pendants like little drops of blood. Plant likes shade, grows 24 inches high with 15- to 18-inch spread. Blooms in May. **Prices:** 50c each; 3 for \$1.35. Discount allowed.

BLOOD-LEAF PLUM

A new dwarf tree of excellent shape, bearing foliage of a deep rich blood-red. As the season advances the colors become darker, gradually changing to a full glowing bronze in fall. Tree is covered with pink blossoms in early spring. Heavy rooted. 2½ ft. and up, 95c each; 3 for \$2.50.

BITTERSWEET

Lustrous green foliage throughout the summer, turning a bright yellow in the fall. The berries are a bright orange and very showy, stay on into the winter. Much used for autumn and winter bouquets, being permanent. Two plants needed for cross pollenization. **Prices:** 50c each; 2 for 80c; 6 for \$2.00; 12 for \$3.75.

PURPLE FRINGE

(Smoke Tree)

(Rhus Cotinus)

An enchanting treelike shrub, enveloped in midsummer with showy masses of purplish misty flowers resembling beautiful clouds of drifting smoke. Attractive brilliant scarlet and golden autumn foliage. A hardy recognized garden beauty. **Prices:** Hardy, 2-yr., 4 ft. and up, \$1.00 each; 3 for \$2.75.

2-COLOR ALTHEA

SPECIAL—NEW—NOVEL. Red and white blooms on one bush! Be the first in your neighborhood to grow this unusual beauty. **Prices:** Large 2 to 3 ft. bushes, \$1.00 each; 3 for \$2.00; 6 for \$3.75.

Golden Muscat

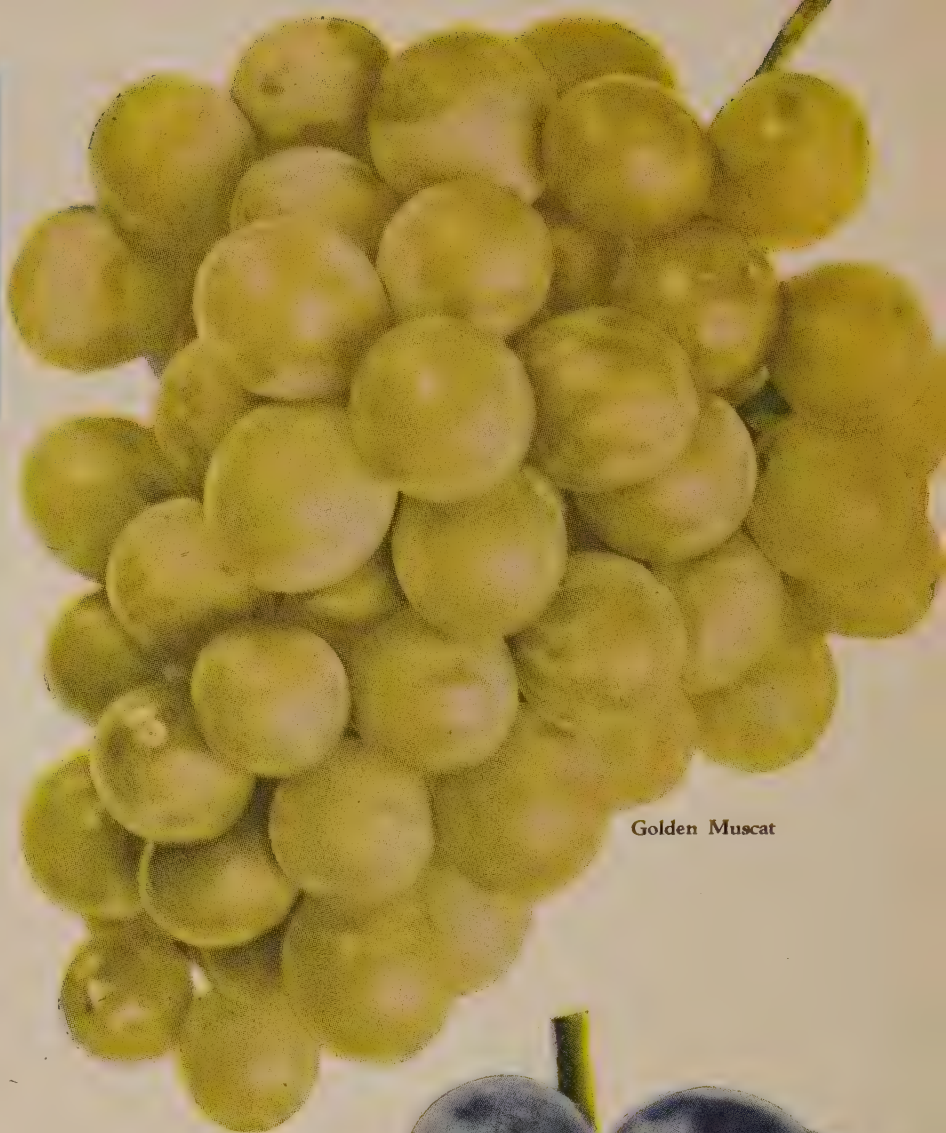

This new hardy California Grape can now be grown in every section of the country. This variety is the result of the cross of the Muscat Hamburg and Diamond, which are very desirable in themselves. This cross makes a hardy, heavy bearing vine, and the quality of the fruit is similar to the white California Grape sold at all fruit markets. The berries are large, sweet and meaty, making it a wonderful variety to grow for home use and roadside stands. The bunches are large, heavy, broad shouldered, and tapering. Very compact. Being such a productive plant, we advise a good complete commercial fertilizer every spring, and you will be delighted with the crop. Supply of plants limited.

Caco (Red)

This new Grape is outstanding for its beauty and quality. Color wine-red, flavor unusually rich, rivals in appearance and flavor Grapes grown under glass. Caco was awarded a medal by the American Institute of New York, a high honor for achievement.

Fredonia (Black)

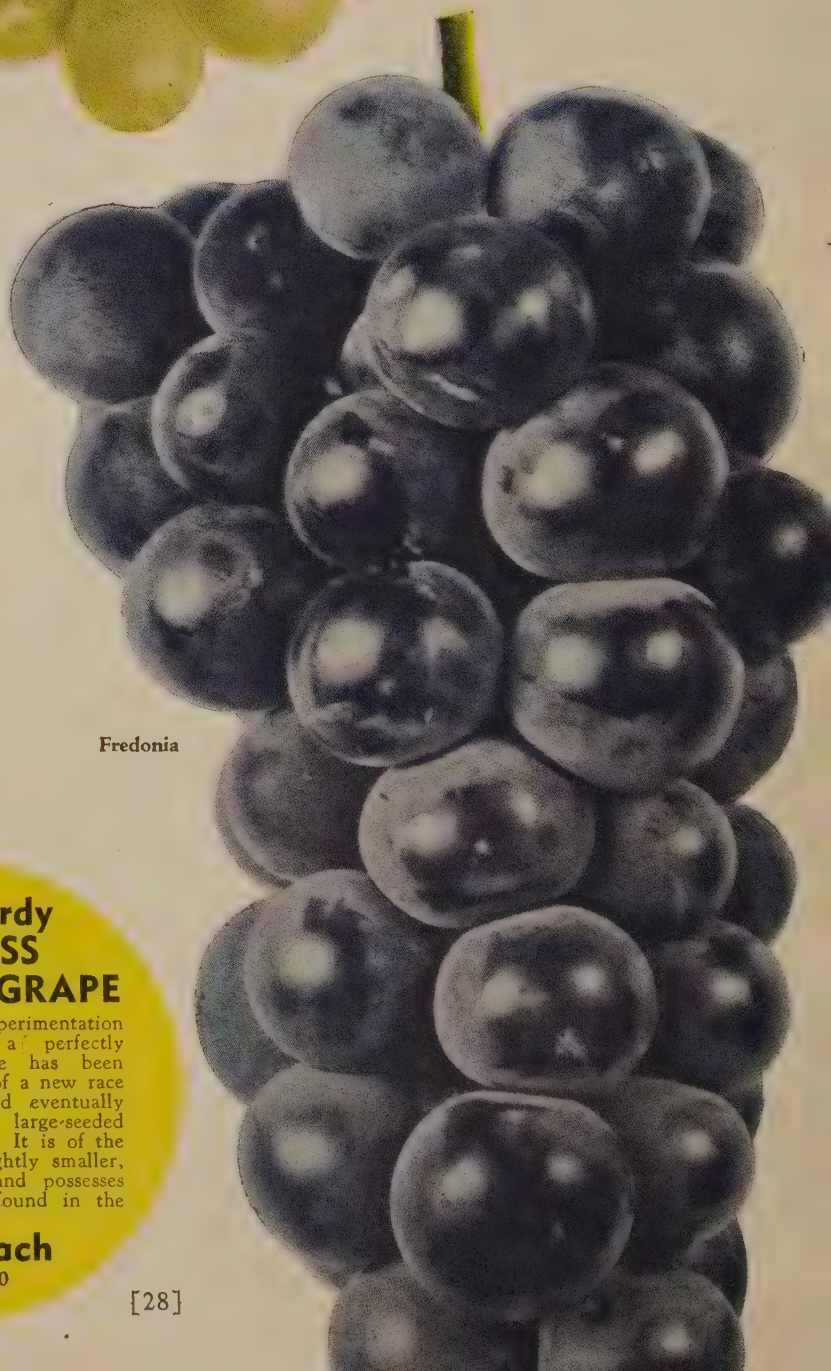

A winner. This new variety threatens to displace all other black Grapes. A new, very early Grape, originated and thoroughly tested by the New York Experiment Station. The clusters and berries are large, with excellent flavor. Ripens fully ten days before Moore's Early and is an excellent shipper, as it does not crack. This Grape fills a long-felt need—a juicy, delicious black Grape that ripens early. Vine vigorous and productive. One of the best new varieties.

Golden Muscat

Caco

Fredonia

New Hardy SEEDLESS CONCORD GRAPE

After years of experimentation and cross-breeding, a perfectly hardy, seedless Grape has been developed. The first of a new race of Grapes that should eventually replace the common large-seeded varieties for table use. It is of the Concord type, but slightly smaller, blue-black in color, and possesses the same fine flavor found in the Concord Grape.

\$1.25 Each

3 for \$3.00

Westhauser's Heavy Rooted GRAPE VINES

OUR GRAPE PLANTS are known the country over for a fast growing, heavy bearing strain. They will produce delicious fruit, when established, for a long time. Many thousands of our customers are reaping both pleasure and profit from their investments.

CONCORD (Blue)

Most popular Grape for eating, table use, wines, jams, jellies and commercial. Grows on all kinds of soil, and produces large crops. The bunches are large, compact and well-shaped; berries are dark blue and very juicy. Plants are exceptionally hardy. Fruits in October. Here in the heart of the Fruit Belt thousands of truck loads are shipped annually. ORDER NOW, STOCK IS SHORT.

NIAGARA (White)

The leading commercial White Grape. The compact bunches of large, fine-flavored, juicy berries are in big demand for table and wine. Very productive and hardy. Ripens about the same time as Concord.

Westhauser's BLACKBERRIES

Eldorado—Productive, Firm and Profitable

The choice of commercial grower and housewife for the good old-fashioned jams, pies, preserves and fresh fruit for the table, coming just after Raspberry season, when but little other fruit is available. They ripen 10 days after dewberries and the harvest extends to the fore part of September; they are the last of all spring and summer berries in the season and the trade is willing to pay well for them. The canes grow sturdy and upright, and are hardy enough to need no winter protection.

The berries are large, uniform in size, jet black, and do not turn red after being picked. They have a flavor that always calls for more and are firm enough to ship to distant markets, assuring good prices.

Its hardiness and freedom from disease, especially orange rust, the common enemy of all Blackberries, has made ELDORADO the leading variety with the commercial grower.

ELDORADO 1-YEAR PLANTS are individual plants; that is, part of the roots of the old plants are cut off and planted in spring. They produce a nice fibrous root system and a good top growth.

Alfred—The Coreless Blackberry

The coreless Blackberry, originated in Michigan, the state that produces fruit with the flavor. The color is a glossy jet black, the flavor sweet and delicious, and it is nearly seedless and coreless. A hardy plant that produces mammoth berries, often 1¾ inches long. It does equally well in cold sections. Why not include a few in your order and get started raising this profitable berry?

This is what Mr. B. Postell of North Carolina says about WESTHAUSER'S HEAVY-ROOTED GRAPE PLANTS:

Dear Sirs: After looking over all nursery catalogs and comparing prices—think first of quality. I have bought from over eighteen nurseries and found WESTHAUSER'S wonderful stock has borne better fruit quicker and proven to be superior to all the rest. Please send me your catalog at once, as I want to plant a considerable amount of Westhauser's grape plants at planting time.

Yours truly,

B. POSTELL.

← HOPA Flowering Crab

Hopa is undoubtedly the most beautiful flowering Crab that can be grown successfully in the North. It is an upright tree entirely covered with beautiful rose-crimson flowers which last a long time, followed by the fruit which is red throughout and lingers until late fall. The fruit is excellent for canning or jellies. Tree is very hardy and disease free. Most sensational for single or group planting. Heavy, 3-4 ft., \$1.00 each; 3 for \$2.50; 6 for \$4.75. 4-5 ft., \$1.25 each; 3 for \$3.00; 6 for \$5.25. 5-6 ft., \$1.40 each; 3 for \$3.50; 6 for \$6.00.

HANSEN BUSH CHERRY

Will Produce Quickly

A rapid growing shrub, can be planted singly or in groups, also makes a gorgeous hedge with its snow-white blooms. Bush Cherry is easy to grow and will grow anywhere, producing large delicious plum-shaped Cherries, fine for eating fresh from the bush, has a wonderful flavor; excellent for jams. The bush grows 4 to 5 feet tall with 3- to 4-foot spread. Foliage is very attractive, silvery green, turning to red and gold in the fall. These large, stocky, well branched bushes cannot be compared with the regular sized bushes.
